

# Rietvlei Portage/ Running Routes

## **Green Route:**

- Start on tar road outside club house facility and commence in S direction over the dam wall
- Run around water purification plant and up hill maintaining wire fence at your left shoulder
- At top of hill turn left towards water reservoir
- At reservoir turn right and follow road until you get dirt road intersection
- At intersection turn right before compound and follow dirt road cutting out soccer fields
- Run parallel to tarred entrance road for as far as possible until reaching start/ finish point
- Distance: approximately 2,8 km

## **Red Route:**

- Start on tar road outside club house facility and commence in S direction over the dam wall
- Run around water purification plant and up hill maintaining wire fence at your left shoulder
- At top of hill continue straight along dirt road (follow wooden poles) until you get dirt road intersection
- At intersection turn right before compound and follow dirt road cutting out soccer fields
- Run parallel to tarred entrance road for as far as possible until reaching start/ finish point
- Distance: approximately (to be measured) km

## **Rules:**

- No member of Centurion Canoe Club or any other person may run without having first signed and submitted their necessary indemnity forms to the club secretary
- No member or any other person is permitted to run on the dirt roads behind the angling areas
- You may not run behind the staff compound or soccer fields
- All rules as applicable to the Canoe Club shall apply to any person running along these routes
- Always smile whilst running
- Remember that this is an indulgence by the local Municipality and any contravention of these rules will mean a cancellation of their permission granted for all!
